

Improving Collaboration within ITE's Transportation Planning Community

Lawrence Marcus, Chair
ITE Transportation Planning Council

Improving Collaboration within ITE's Transportation Planning Community

- “Existing Conditions”
- Membership Expectations
- Opportunities for Collaboration
- Next Steps
- Example Program

Existing Conditions: Where are we now?

- Oversight committees, districts, sections
- Tools:
 - Publications, webinars, conferences
 - ITE Community: How many use it?
- Strengths
 - Industry leader
 - Technical guidance
 - Membership knowledge

Membership Expectations

Opportunities for Collaboration: How Do We Get Here?

Opportunities: TPC Suggestions

- Create a public forum to share transportation planning resources.
- Develop close working relationships between transportation planning leaders at all ITE levels.
- Improve transportation planning related collaboration between districts.
- Use the ITE district conferences as a forum to collect ideas to achieve this initiative.

Next Steps?
